

SAVE THE DAY and learn about our BIRDS!!!

Birds of the South Bay

A BIRD TALK BY

Steve Schoenherr & Harry Orgovon

Saturday, June 6 - 9:30 am to 11:00 am
CV Marine Room

They will speak on South Bay History and the wildlife that can be encountered in our South Bay Region. Steve, President of the South Bay Historical Society, author of 3 books including Chula Vista's Centennial Edition and Harry docent at the Living Coast Discovery Center will speak on many interesting topics of history combined with wildlife in our South Bay Region.

The open waters of the bay, including areas within the South San Diego Bay Unit, provide important wintering and migratory stopover habitat for many species of waterfowl.

Learn about the birds in the South Bay and right here in our Marina. A simple guide to spot and identify some of the more than 300 different bird's species surrounding you.
